**Chemetall to Highlight Environmentally Compliant Technologies Including Chemetall's Advanced Pretreatments at The Powder Coating 2014 Show**

New Providence, NJ – Chemetall, a leading developer, manufacturer, and supplier of state-of-the-art specialty chemical products will exhibit at The Powder Coating 2014 show on September 16 -18, 2014 in Indianapolis, Indiana. At this show, Chemetall will present and showcase their innovative and environmentally friendly Advanced Pretreatments at booth 404.

“We are excited to return to the Powder Coating show and share Chemetall’s outstanding new technologies that were developed to improve performance, reliability and cost to meet industry’s requirements. Our partners appreciate the high performance of our products as well as the knowledgeable technical support and service that we offer,” said Suresh Patel, Business Manager, General Industry. Chemetall will promote their standard-setting new technologies and comprehensive advanced pretreatment line of EPP and Oxsilan®. In addition, Gardobond® AP 9811, a non-phosphorous pretreatment for 3-stage spray washers that is compatible with mild steel equipment and typical city water, will be featured.

Chemetall has been developing, manufacturing, and supplying state-of-the-art specialty chemical products since 1909. The ISO 9001 company offers a wide spectrum of products ranging from metalworking fluids and drawing & stamping compounds to cleaners, rust preventatives and surface treatment chemistries. Chemetall’s integrated products, chemical management systems, process equipment, and technical service programs deliver efficient and cost effective solutions for industrial manufacturing needs. Expect more with Chemetall.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany. In addition to the North American headquarters in New Providence, New Jersey, other locations in the Americas include Jackson, Michigan; La Mirada, California; Bramalea, Ontario; Jundiai, Sao Paulo, Brazil; and Querétaro, México. Chemetall is a division of Rockwood Holdings Inc., a global specialty chemicals and advanced materials company traded on the New York Stock Exchange.
